We also discussed AT&T's voluntary commitments, described in the record,<sup>1</sup> which will provide the Commission with further assurance that the transaction will serve the public interest and deliver benefits to consumers.

The Commission should promptly approve the transaction so that consumers can begin to enjoy the resulting pro-competitive, public interest benefits.

In accordance with section 1.1206 of the Commission's rules,<sup>2</sup> this letter is being filed electronically with your office for inclusion in the public record.

Respectfully submitted,

Peter J. Schildkraut
